

TH1030 Telescopic handler forklift truck

尺寸图 Dimension drawing

产品参数 PRODUCT PARAMETER

Model	TH1030
Manufacturer	SAFORD - China
Engine:	
Model	yunnei4102
Rated power	76.7kw
Type	Four stroke, diesel engine
Displacement	3760L
Performance:	
Max. lifting capacity	3000kg
Max. lifting capacity at max. reach	2500kg
Capacity at max. boom extension	500kg
Max. lifting height	10000mm
Max. horizontal boom extension	5900mm
Gradeability	30%
Machine weight	9500kg
Max. speed	40km/h
Differential-Axles	
Driving model	4WS, Crab steering, 2WS
Front axle	Rigid
Rear axle	Oscillating
Moving brake	Service air brake(disc) on the 4 wheels with double hydraulic system
Parking brake	Negative parking brake
Tires	405/70-20
Dimension	
Length (without fork) D	5300mm
Height F	2300mm
Width H	2150mm
Shaft distance B1	2950mm
Tire distance G	1760mm
Cabin width E	910mm
Ground clearance A	370mm
Front tires to Rear chassis C	4050mm
Standard fork length	
Option	
Overloading warning&Limitation	
Tilttable chassis(+/-6)	
Sideshift	
Fork positioner	
Raisable cabin	
Big bucket for bulk cargo	
Normal bucket for construction	
Working platform(Fordable working platform,swing working platform etc...)	
attachments(Hook,grapple,auger Mixing bucket,tilted fork,4in1 bucket,winch,baler,manipulator
